

SHADOW'S TRAVEL

Gouri Manoj Sattigeri

You follow me wherever I go,
Everywhere you tend to show!
You at times override me in lights,
Utterly scaring me at nights!
Life is a boundless mirage,
Truths that you make me realize!
You are my reflection,
Empowering my affection!
Sometimes I neglect,
But you suddenly deflect!
Confident and calm you dwell,
Covering me like a shell!
You encompass,
The depth of an ocean,
Impossible to measure,
With logics of reason!
You are mysterious island,
Hardly ever defined!
You are my meadow,
My partner you are- O Shadow!!!

RUTHLESS TIME!

Tick, tick, tick, I talk,
Every second I make a walk,
Commitments I unlock,
I am fondly called as clock.

I can hurt, I can heal,
I am a mystique wheel,
I govern the life of feel,
Ingrained with nerves of steel!

In microseconds I travel,
From hours to years,
Years to centuries,
Unraveling mysteries marvel!

I am immortal whom one can't winkle,
I carry memories real, beyond reason's wattle!
Every twist and turn I mingle,
I turn out to be an angel or fatal!

From war to peace,
Peace to Destruction,
I have witnessed the world in friction,
Every time I stand to survive the auction!

From time immemorial I exist,
Every bruise I have learnt to resist,
With happiness hid in my fist,
Unfolding mankind's destined journey a tryst!
